**Action Taken Report**

Majority of the **students/teachers/Employers/Alumnus** are satisfied with the teaching and learning, extracurricular activities, sports facility and environment of the college. Few of the shortcomings pointed out are teacher's appointment in few departments, the deficiencies in the cleanliness facilities, drinking water facilities and overall infrastructure.

For the above mentioned issues, various steps have been taken, which includes:-

- 1) Several times request has been sent to directorate, Uttar Pradesh, Prayagraj for the appointment of teachers in no teacher subjects Departments. College has arranged some college teachers to mentor no teacher department Subject students.
- 2) For improving cleanliness, 3-5 daily wage workers have been additionally hired to enforce the tidiness and the cleanliness of the campus which mostly is affected by the lush greenery as college is having 75% Green Campus.
- 3) For drinking water facilities, 5 water purifiers are installed in the campus at various places with multiple outlet taps which provide summer refrigeration & advanced RO and UV purification, which get 6 monthly servicing regularly.
- 4) As for the infrastructure, since the building is more than 120 years old and is a heritage of the city, it requires maintenance for which several requests have been made to the Directorate of Higher Education, Prayagraj for sanction of finance.
- 5) The Alumni Association has been registered and activities are taking place under it.
